What to do with your recycling?

Some residents may have to place their recycling at a central collection point. The Council will have already notified you, if this is the case.

Please make sure all recycled materials are clean, and free from food waste, to avoid attracting wildlife and vermin. Please rinse and crush cans and tins as much as possible. There is no need to remove the labels. Please remove the lids from plastic bottles, wash, squash and replace the lids. Please also flatten any cardboard as much as possible.
