

Recycling Collection Calendar April 2023 to March 2024 (Eden Round – GB8 / GW5)

Dear Householder

On April 1st 2023 Westmorland and Furness Council will take over as the new council delivering waste and recycling collection services to you. The service will continue to be delivered by the same people and vehicles as before; and will use the same containers to collect the same materials. This may be subject to change in the future, to ensure that we have the most effective and efficient waste collections.

Please place your recycling containers for collection at the kerbside before 7am on the collection day. Please take care not to cause any obstruction and make sure your bins, boxes or bags are clearly visible to the collection crew. Some residents may place their waste or recycling at a central collection point. You will have already been notified if this is the case.

Please make sure all recycled materials have been rinsed and are free from food waste; which will help keep your containers clean and avoid attracting wildlife or vermin. Please squash plastic bottles and cans as much as possible. There is no need to remove the labels.

Please flatten card and reduce to a size that would fit into your green bag where possible. We are not always able to take larger pieces of card due to the capacity of the containers and vehicle. We ask that you take larger items of card to your local Household Waste Recycling Centre or recycling banks.

Please only present your waste or recycling in the containers provided by the Council

Please consider the environment and reduce, reuse and recycle your waste.

Paper & Card - green bag – NOT mixed with plastic	Plastics - green bag – NOT mixed with paper/card	Glass and Cans - green box only	Garden Waste – green wheeled bin	Household Waste – blue refuse bag – check our website for collection day
